Riff x2

Riff x2
Feelimg so tired, can't understand it
Just had a fortnight's sleep
I'm feeling so tired, I'm so distracted
Ain't touched a thing all week

Riff x2
I'm feeling drunk, juiced up and sloppy
Ain't touched a drink all night
I'm feeling hungry, can't see the reason
Just ate a horse meat pie

D
Yeah when you call my name
G A
I salivate like a Pavlov dog
D
Yeah when you lay me out
G E
My heart is beating louder than a big bass drum, alright

Riff x1, with horns

Riff x2, with a little horns, over...
Yeah, you got to mix it child
You got to fix it must be love
It's a bitch
You got to mix it child
You got to fix it but love
It's a bitch, alright

Riff x2, with horns
