

Faculty-Appointment Chronology, UofA GEOSCIENCES

2021 Mauricio Ibanez-Mejia (geochronology, geochemistry), Herve Rezeau (economic geology)
2020 Ananya Mallik (petrology, gem science)
2019 Diane Thompson (marine geoscience, climate science, Marcus Lofvestrom (dynamic meteorology)
Kaustubh Thirumalai (climate science, paleoceanography)
2018 Jack Holt (planetary geophysics)
2017
2016 Eric Kiser (geophysics, seismology), Luke McGuire (geomorphology, surface processes)
Christopher Harig (geophysics, climate science), Amanda Hughes (structural geology, applied geophysics)
2015 Jessica Tierney (paleoclimatology, organic geochemistry), Matthew Steele-Macinnis (economic geology)
2014
2013
2012
2011 Paul Goodman (oceanography, climate science), Jianjyn Yin (climatology, earth systems modeling)
Jianjun Yin (invertebrate paleo)
2010 Barbara Carrapa (thermochronology, tectonics)
2009
2008
2007
2006 Joellen Russell (oceanography, climate science), Pete Reiners (thermochronology/geochemistry)
2005 Jessica Kapp (geo-education)
2004 Rick Bennett (geophysics, geodesy)
2003
2002 Vance Holiday (geoarchaeology, stratigraphy), Eric Seedorff (economic geology, structural geology)
Paul Kapp (structural geology, regional tectonics, field geology)
2001 Mihai Ducea (tectonic petrology, isotope geochemistry)
2000
1999 Jon Pelletier (geomorphology, surface processes), Jonathan Overpeck (climate dynamics)
Julia Cole (paleoclimatology, climate science)
1998
1997 George Zandt (geophysics, seismology), Michelle Hall-Wallace (geo-education)
1996 Bob Downs (mineralogy)
1995
1994
1993 Pete DeCelles (tectonics, sedimentary petrology, basin analysis)
1992 Jay Quade (geochemistry, geochronology, paleoenvironment)
1991 Suzanne Baldwin (thermochronology, tectonics)
1990 Susan Beck (geophysics, seismology), Mark Barton (economic geology, geochemistry)
1989
1988 Judy Parrish (paleoclimatology)
1987 Eleanor Snow (experimental mineral deformation), Larry Anovitz (petrology), Roy Johnson (geophysics,
reflection seismology)
1986 Andy Cohen (stratigraphy, limnology)
1985 George Gehrels (geochronology, tectonics)
1984 John Patchett (geochemistry, crustal genesis), Owen Davis (palynology)
1983 Terry Wallace (geophysics, seismology), Joaquin Ruiz (geochemistry, geochronology),
Clem Chase (geophysics, geology, geochemistry)
1982 Chris Eastoe (economic geology, geochemistry)
1981 Vic Baker (geomorphology, geohydrology, planetary science), Susan Kidwell (taphonomy)
Tim Jull (geochronology), Pete Kresan (geo-education)
1980

1979 Bill Dickinson (plate tectonics, basin analysis)
1978 Vera Markrauf (palynology), Randy Richardson (geophysics, plate dynamics)
1977 Karl Flessa (paleontology, geobiology), Dick Beane (economic geology)
1976 Marc Sbar (geophysics, seismology), Arend Meijer (volcanology, geochemistry),
Cam Mosher (geoscience education)
1975 Peter Coney (regional and plate tectonics), Jiba Gangully (petrology, thermodynamics)
1974 Bob Butler (geophysics, paleomag), Tim Loomis (petrology, thermodynamics)
1973 Denis Norton (geochemistry, econ geology), Hugh Odishaw (physics)
1972
1971
1970 George Davis (structural geology, regional tectonics), Dietmar Schumacher (invertebrate paleo)
Al Solomon (palynology)

[Pre-1970 listing incomplete; only names colleagues that George Davis got to know]

1969 Don Livingston (geochronology, Precambrian geology)
1968 George Gaylord Simpson (vertebrate paleontology, evolutionary biology),
Bill Bull (geomorphology, tectonics)), Jim Zumberge (glaciology, geomorphology)
Bert Nordlie (volcanology, petrology), Austin Long (geochronology, isotope geochemistry)
1967 Ev Lindsay (vertebrate paleo), John (Jack) Sturgul (geomath), Bart Nagy (organic geochemistry)
1966
1965 Vance Haynes (geoarchaeology, Quaternary stratigraphy), John Guilbert (economic geology)
1964
1963 Ed McCullough (geo-education, structural geology), John Sumner (exploration geophysics)
Larry Gould (glaciology, geomorphology)
1962 Richard Wilson (stratigraphy)
1961 Paul Martin (geobiology/ecology)
1960 Spence Titley (economic geology), Gerhard Kremp (palynology)
1959 Evans Mayo (structural geology), Joe Schreiber (sedimentary petrology), John Harshbarger (geohydrology)
1958
1967 Paul Damon (geochronology, tectonics)
1956 Ted Smiley (geochronology, dendrochronology)
1955 John Anthony (mineralogy)
1954
1953
1952
1951
1950 Don Bryant (invertebrate paleo), John Lance (vertebrate paleo, Quaternary stratigraphy)
